### Core Team

We, at andragogy forum have an extremely professional, contemporary and the most hard-working core team for the session 2020-21.

### College Ambassador

Not just that you will be considered a socially active citizen, rather there are certain perks personally for you being a campus coordinator as well.

### Our Events

Our sphere of activities addresses various disciplines and experiences to provide a holistic development to the students.

# PARENT ORGANISATION: UMEED

The NGO Umeed was a brain child of Mr. Subhrajeeet Gautam, a dynamic and motivating personality, who started the organization with an aim that no living being should be deprived of the basic necessities.

It was founded in the year 2011 with the basic motto of reaching out and helping each and every person in need.

With an outreach of more than 20,000+ volunteers spread across over 7 states of the country, Umeed is working every single day for making the lives of underprivileged and deprived people better.

## VISION AND MISSION

The mission of this noble organization is to make the world a better place where everybody lives happily and cares for each other.

It aims at promoting universal brotherhood and harmony amongst the mankind.

The organization has been working passionately towards eradication of poverty, illiteracy and other issues faced by the society especially the underprivileged. They hope to give the coming generations a better world to live.

Through its youth force it aims at wiping away the tears and removing all sorrows faced by the people and underprivileged sectors (especially children) of the society.

# ANDRAGOGY FORUM, A SPIN-OFF!

The Andragogy forum is the daughter initiative of the NGO Umeed, which has been formed by the students for the students.

In today's time scenario of cut-throat competition, we all understand and know the importance of internships and projects. The participation in such activities not only gives one an edge over their competitors but are also important for the personal growth of the individual i.e. the students. However, there are many students who do not have easy access to such opportunities and may feel left out. That is where the ANDRAGOGY FORUM steps on to help!

**Sandeep Chand**  
**Co-Founder**

The motto and Vision of the forum are to EXTEND, EXPAND AND PROMOTE KNOWLEDGE FOR ALL and make the vast arena of opportunities available to every student. The Andragogy Forum aims and hopes to connect with more and more students and reach out to as many students and institutions possible so that each and everyone can make use of the opportunities provided by the forum. These opportunities are not only beneficial for career building but also for the overall personality!

**So, come and be a part of us and join us  
in our quest for expanding knowledge  
and making it available to all!**

ACTIVITIES

## PROJECTS

The projects being offered by the forum have majorly been classified into 2 categories- survey analysis and research reviews.

1. Survey analysis: the projects under survey analysis would majorly include tasks such as collection and organization of data, gathering reviews or opinions from a targeted group of individuals, conducting surveys in the form of questionnaires, polls etc.

2. Research reviews: For the students having proficiency in English, the forum offers review projects in various fields. The tasks under it would majorly include :

- evaluation and proofreading of the relevant literature within a particular field of research,
- suggesting valuable changes and editing tasks.
- It would also include tasks of presenting the literature in an organized manner.
- The students may even get a chance to get their review articles published in reputed journals!

## BENEFITS

- I. The project-based learning helps the students in inculcating problem-solving and critical thinking skills.
- II. Helps in building research skills and learning the application of content beyond facts.
- III. Helps the students in developing a sense of self-confidence and empowerment.
- IV. The students will get the chance to collaborate with learned professionals, thus gaining insights for career and beyond.

**\*\* The best project and project team will be selected, and they will be rewarded with an additional certificate of appreciation as a recognition of their work.**

### National Blog Competition 2020

The first competition of the organisation was National Blog Competition. This month-long activity witnessed participation on a large scale where students were asked to solve real-world case studies by applying critical thinking, technological skills and creativity. It was open to all school and college students. With the same enthusiasm, Andragogy Forum is all set for the next annual blog competition. National Blog Competition 2021 will tentatively begin from October 2020.

## INTERNSHIPS

The Andragogy forum will provide undergraduate and the graduate students abundant opportunities to work online as well as on-ground internships throughout the year. The aim is to provide multidisciplinary internships especially online in the areas of :

**Content writing** which would include creating content for websites, social media accounts and other content.

**Planning and strategy development** include planning various activities and events, extending Umeed team in various colleges

**Digital media and technology** includes preparing digital posters, content, website development, and technology.

Besides these, students will also be offered on ground internships with the opportunity to work with various companies, organizations and NGO.

☀️ These internships will be provided for a duration of **30** days, after the successful completion of which the student will receive the certificate of completion by the organization.

☀️ Depending upon the performance of the students, the **best intern** will be selected every year and they will be rewarded with a certificate of appreciation.

### Why internships?

- i. Helps in developing a professional aptitude
- ii. Development and strengthening of personal character
- iii. Self-confidence and first-hand working experience
- iv. Provides a greater door to opportunities.
